CMT have indicated where we may store the trailer. Means of fundraising for ancillary equipment and rules and guidance for use to be agreed.

#### **5. Skiff Building Update**

The build is on schedule and the boat will be turned this week so that work on the inside can commence. Clyde Maritime Trust hope that the impetus of this project will encourage members to be involved in future CMT projects. There is interest in this from members but many are available only outside working hours.

## 8. Litter Pick 2019

Friends of the River Kelvin have organised a litter pick around the Riverside Museum for the first weekend in February. KB to email members with the arrangements.

## 9. SCRA Events Calendar

Members attention is drawn to the SCRA events calendar on the SCRA website ([scottishcoastalrowing.org/2019-events/](http://scottishcoastalrowing.org/2019-events/)) and the club encourages attendance. A skipper and race coordinator would be required to coordinate any trips involving the GCRC skiffs. Those interested should contact SCRA directly and inform the GCRC Committee if they wish to take a boat. Members can also attend as individuals and join up with other clubs.

AOB

1. Gal Gael has not agreed to a variation on our arrangement so the club is not in a position to rent out or loan our boats. Metro Outdoors, who had approached the club for the use of the skiffs by their clients, to be advised we are unable to help.
2. The first VHF training session has taken place and rules and guidance will be formulated. This was a good example of up skilling in the club.
3. Thanks were expressed to Anne MacDougall for keeping a watchful eye on the skiffs.

Date of next meeting 6 March 2019, 5pm (venue tbc)
