Agenda

1. Matters arising from previous minutes

Matters for action are post COP26 and are covered in AOB.

2. Finance Report

The club's finances remain healthy and the membership stands at 76.

3. Merchandising

As a result of supplier increases the price of sweatshirts will increase by £1 to £23. A new range of organic cotton beanie is now on offer at £12. The price of T-shirts and caps remain the same. IW will circulate details and take orders.

4. AOB

Access to the pontoon is from 6am on 21 Nov - FMcL, GMcC, IW, ST and KB will meet on the pontoon that day at 11am to check status of skiffs and equipment, including life jackets. Rowing can recommence thereafter.

GMcC will check size of water container required for ballast and then source costs. RR suggested one for each end of barge to then be held in place by stones.

IW will complete videos on 21 Nov of the applying and removal of a skiff cover and circulate to skippers.

FMcL will send a condensed copy of RR's safety briefing to the committee for comment and then distribute, which will cover the club's duty of care to the members.

The long term storage of the trailer is ongoing.

RR informed the committee that the RYA has issued a statement stating that anyone who has passed their driving test after 1/1/97 will not be eligible to pull a trailer. A link can be found under New rules for towing a trailer with a car from autumn 2021 – GOV.UK – www.gov.uk

Date of next meeting Thursday January 13th 2022 at 5.30pm.
